Cheam
Surrey SM2 7EZ
Email any queries to headleyheathridersassociation@yahoo.co.uk
Cheques payable to HHRA

More about our speaker

Suzanne Rogers BSc (Hons) CHBC

I am a Certified Horse Behaviour Consultant (CHBC) with the International Association of Animal Behaviour Consultants (IAABC).

- I have a relevant BSc degree and further study with different trainers and scientists. I hold the Equine Behaviour Qualification (EBQ) and am a certified horse behaviour consultant (CHBC) with the International Association of Animal Behaviour Consultants (IAABC).
- I hold various post graduate certificates in the field of animal behaviour, research, adult education and community outreach and attend many CPD events throughout the year to keep abreast of developments. I often talk at conferences, seminars and lectures for animal welfare groups and Universities in many different countries.
- I am a member of the Companion Animal Behaviour Therapy Study Group (CABTSG) and of the Equine Behaviour Forum (EBF).
- For five years I worked for a leading animal welfare charity (WSPA; now World Animal Protection), managing projects across the world focusing on working horses, donkeys and mules. I currently provide consultancy and advice to international animal welfare organisations.
- I am on the Board of the charity TAWS (World Association for Traction Animal Welfare Studies) and co-founder of the Change For Animals Foundation (CFAF). I am one of the co-founders of the Equine Behaviour and Training Association (EBTA). I am on the campaign team of the A Bit More Choice campaign.
- My background in the biological sciences and previous career in science have provided me with the enquiring mind and scientific appreciation needed to study and work in the field of behaviour modification.
- I have owned and worked with horses, in the UK and abroad, since a young age in a wide range of equestrian establishments, providing the vital practical experience. I have been providing equine behaviour consultations since 2006.

In addition to this, Suzanne is one of the coordinators for the Equine Behaviour and Training Association (EBTA)

Suzanne represented the EBTA at World Horse Welfare's annual conference (2016), whose theme was 'The Invisible Horse'

EBTA are regular contributors to the "Ask the Expert" section of Horse and Rider Magazine.
